

Alaa Saidi

Personal Summary: An inspiring Computer Science teacher who believes that high expectations within the school lead to high levels of achievement. Alaa is a strong, focussed and determined computer teacher who is looking to make a real difference within the classroom. He has genuine passion for his subject and strives to achieve the highest possible standard of teaching. He would like to join a school that has a warm and welcoming community of students, staff, parents and leaders, who all work together to make it a school where individuals are challenged to be the best they can be.
